## Call for Papers

The conference is soliciting state-of-the-art research papers in the following areas of interest but not limited to:

- Operations Management
- Logistics and Supply Chain Management
- Reliability and Maintenance Engineering
- Artificial Intelligence and Expert Systems
- Non-Traditional Machining processes
- Machinability of Materials, Composite Materials
- Design Tools, Cutting Tool Material and Coatings
- Advances o Aero space Technology
- Transportation Systems
- Flight mechanics and control
- Aerospace manufacturing engineering
- Aircraft Control and Information Engineering
- Rocket theory and design
- Flight driving and control technology
- Emerging avionics technology
- Man-machine and environmental engineering
- Airport operation and management
